The 5 stages of grief and loss are: 1. Denial and isolation; 2. Anger; 3. Bargaining; 4. Depression; 5. Acceptance. People who are grieving do not necessarily go through the stages in the same order or experience all of them. The stages of grief and mourning are universal and are experienced by people from all walks of life, across many cultures. Mourning occurs in response to an individual’s own terminal illness, the loss of a close relationship, or to the death of a valued being, human, or animal. There are five stages of grief that were first proposed by Elisabeth Kübler-Ross in her 1969 bo
