• Carper, Jean. *100 Simple Things You Can Do to Prevent Alzheimer’s and Age-Related Memory Loss.* Little, Brown, 2010. 336 p. (978-0316086851). Carper provides exciting new answers from the frontiers of brain research to help keep you and your family free of this heartbreaking disease.

• Castillo, Brooke. *If I’m So Smart, Why Can’t I Lose Weight? Tools to Get It Done!* BookSurge, 2006. 248 p. (978-1419618475, pap.). The author’s own struggles and frustrations as she tried to lose 75 lbs. guided her into putting together her unique weight-loss program, which quickly showed astonishing results.

• Chertoff, Nina, and Susan Kahn. *Celebrating Board Games.* Sterling, 2006. 144 p. (978-1402738951). This beautiful and nostalgic pictorial celebration of board games will transport readers back to a simpler time, when child’s play didn’t involve video games or computer screens of any kind. More than 100 of the best games are featured, from the 19th century until today, with pictures of both the boards and the various pieces.

• Coffey, Wayne. *The Boys of Winter: The Untold Story of a Coach, a Dream, and the 1980 U.S. Olympic Hockey Team*. Crown, 2005. 273 p. (978-1400047666, pap.). Once upon a time, they taught us to believe. They were the 1980 US Olympic hockey team, a blue-collar bunch led by an unconventional coach, and they engineered what Sports Illustrated called the greatest sports moment of the 20th century. Their “Miracle on Ice” has become a national fairy tale, but the real Cinderella story is even more remarkable.

• Cummings, Dede. *The Organic Composting Handbook: Techniques for a Healthy, Abundant Garden*. Skyhorse, 2015. 240 p. (978-1629141725, pap.). Great compost is one of the most important secrets of successful organic gardening. In this comprehensive guide, you’ll learn everything you need to know about the various methods of composting and how to adapt them to your home and garden.

• Douglas, Gabrielle, with Michelle Burford. *Grace, Gold, and Glory: My Leap of Faith*. Zondervan, 2012. 224 p. (978-0310740612). In the 2012 London Olympics, US gymnast Gabrielle Douglas stole hearts and flew high as the all-around gold medal winner, as well as acting as a critical member of the US gold medal–winning women’s gymnastics team. In this personal autobiography, Gabrielle tells her story of faith, perseverance, and determination, demonstrating you can reach your dreams if you let yourself soar.

• Fink, Joanne. *Zenspirations: Letters and Patterning*. Fox Chapel, 2011. 52 p. (978-1574216998, pap.). Joanne Fink’s passion for beautiful patterns is contagious; her *Zenspirations: Letters and Patterning* techniques make it easy for artists and nonartists alike to master patterning quickly and easily.

• Gilbert, Elizabeth. *Eat, Pray, Love: One Woman’s Search for Everything across Italy, India, and Indonesia*. Riverhead Books, 2006. 352 p. (978-0670034710). Gilbert was in her 30s, had a husband and a house, and was trying for a baby—but she didn’t want any of it. A divorce and a turbulent love affair later, she emerged battered and bewildered and realized it was time to pursue her own journey in search of three things she had been missing: pleasure, devotion, and balance.

• Hasic, Mirsad. *Walking Habit Blueprint for Seniors*. CreateSpace, 2014. 104 p. (978-
1499700893, pap.). This book isn’t just for seniors; it is for anyone who wants to burn fat, lose weight, and reclaim their health.

- Kellawon, Grace A. *Yoga Meditations*. Author Solutions, 2014. 82 p. (978-1452593623, pap.). This book shares the joy of meditative practice. Meditation is a natural human state of being, and deliberately taking the seat to practice meditation elevates all your better qualities.

- Lapine, Missy Chase. *The Sneaky Chef: How to Cheat on Your Man (in the Kitchen!): Hiding Healthy Foods in Hearty Meals Any Guy Will Love*. Running Press, 2008. 272 p. (978-0762433209, pap.). Men know they should eat better, but the classic male perception is that fruits and veggies are “rabbit food” and don’t seem to satisfy their appetite. Now the Sneaky Chef has donned her apron again and developed delicious recipes that are sure to appeal to guys.

• Lucianovic, Stephanie V.W. *Suffering Succotash: A Picky Eater’s Quest to Understand Why We Hate the Foods We Hate*. Perigee Books, 2012. 240 p. (978-0399537509, pap.). Suffering Succotash is a wide-angle look into the world of picky eating, told by a writer who’s been in the culinary trenches.

Brain Exercises Or Brain Thinners? In fact, some of those brain games donâ€™t exercise your brain at all. You donâ€™t have to take my word for it either. Just check out all the people on this live call who totally agreed: Instead of helping you, those apps train your brain to get good at completing tasks within the world of those apps.Â If youâ€™re exercising your brain on an abstract level but not directing the fitness at specific life improvement goals, youâ€™re missing out. Your brain fitness must be targeted at specific goals so you get tangible results. And if youâ€™d like brain exercises that do improve your mind and give you a great mental workout that matters, give the following easy exercises a try. I promise theyâ€™ll be fun and give you a memory improvement boost in a short period of time. 2
