Arts & Architecture (1929–1967) was an American design, architecture, landscape, and arts magazine. It was published and edited by John Entenza from 1938–1962 and David Travers 1962–1967. Arts & Architecture played a significant role both in Los Angeles's cultural history and in the development of West Coast modernism in general. The magazine's significant cultural contributions include its sponsorship of the Case Study Houses design-build-publication program.
