That things because you're dealing with a mineral and that kind of thing.
In the business world, some changes require companies and teams to undergo major overhauls. These policies may change how the company handles clients, impacts sales, or changes the leadership of the organization. You may or may not need to research the policy to fully understand it. It can be very useful to research the change that your organization is going to make to see whether other businesses have made similar changes. For example, the change might be in management styles and the structure of your executive team.

Take a vacation. Coping with changes in the workplace can be stressful. It can be helpful to take a day off, or a few days, to spend time at home and relax. Find out whether you have any paid time off days and take advantage of them.
