The Fossil Vertebrates Of Florida

Richard C. Hulbert

Richard C. Hulbert, Jr., collection manager for the Division of Vertebrate Paleontology at the Florida Museum of Natural History in Gainesville, is the author or coauthor of 30 essays and monographs published in scholarly journals, including Nature, Journal of Vertebrate Paleontology, and Journal of Paleontology. Florida has the richest vertebrate fossil record of any state east of the Mississippi, extending back 45 million years. Beginning with an introduction to vertebrate anatomy, Richard Hulbert describes the geological history of the state and the history of vertebrate life in it. Richard C. Hulbert, Jr., collection manager for the Division of Vertebrate Paleontology at the Florida Museum of Natural History in Gainesville, is the author or coauthor of 30 essays and monographs published in scholarly journals, including Nature, Journal of Vertebrate Paleontology, and Journal of Paleontology. ...more.
