The Deepest Acceptance

By : Jeff Foster
How can we bring an effortless yes to this moment? How do we stop running from “the mess of
life”—our predicaments, our frustrations, even our search for liberation—and start flowing with all of
it? In small venues throughout the UK and Europe, a young teacher named Jeff Foster is quietly
awakening a new generation of spiritual inquirers to the experience of abiding presence and peace
in our ever-shifting world. His informal gatherings, blogs, and kitchen-table video posts have created
a rising tide of interest in his teachings. With The Deepest Acceptance , Jeff Foster invites us to
discover the ocean of who we are: an awareness that has already allowed every wave of emotion and
experience to arrive. While Jeff delightfully admits the irony of writing a book to convey something
that is beyond words to teach, here he confirms his ability to guide us in unexpected new ways to a
space of absolute acceptance and joy, no matter what’s happening in our lives. Candid, thoughtful,
humoruous—and deeply compassionate toward those searching for a way out of suffering—this
refreshing new luminary inspires us to stop trying to “do” acceptance ... and start falling in love with
“what has already been allowed.” Jeff Foster writes and speaks from his own awakened experience
to help show the way out of seeking fulfillment in the future and into the acceptance of “all this, here
and now.” He studied astrophysics at Cambridge University. Following a period of depression and
physical illness, he embarked on an intensive spiritual search that came to an end with the discovery
that life itself was what he had always been seeking. "Just as the ocean accepts every wave, so too
has our awareness already allowed and accepted what is here."—Jeff Foster

Lost Masters

By : Linda Johnsen
In Lost Masters , award-winning author Linda Johnsen, digging deep into classical sources, uncovers
evidence of astonishing similarities between some of the ancient Western world’s greatest thinkers
and India’s yogis, including a belief in karma and reincarnation. Today ancient Greek philosophers
are remembered as the founders of Western science and civilization. We’ve forgotten that for over a
thousand years they were revered as sages, masters of spiritual wisdom. Lost Masters is an
exploration of our long-lost Western spiritual heritage and the surprising insights it can offer us
today.

**The Miracle Ship**

By : **Brian O'Hare**
YOU WON'T BELIEVE WHAT YOU'RE READING BUT EVERY WORD IS TRUE!! Do you believe in miracles? Do you believe in demonic possession? Do you believe in exorcism? A little girl with irreparable brain damage was pronounced dead by two hospital specialists. Today she is a healthy teenager. A teenage boy whose spine was crushed by a lorry was diagnosed as permanently paralysed. He now plays football with his friends. A curse that brought death over five generations has been lifted. People tormented by demons have been set free. How were such miracles wrought? What do they have in common? They have John Gillespie in common. Who is he? How has he been gifted with such extraordinary power? The Miracle Ship tells John's story. But it does so much more than that. Yes, the book essentially focuses on miracles. Yes, it contains many extraordinary stories of healing and deliverance. Yes, it focuses strongly on the spiritual warfare that so many Christians are engaged in without any awareness of its dangers. But the book goes to the very heart of what is needed to find healing and deliverance. It tells of the obstacles and difficulties that get in the way of true healing prayer. It reveals the many pitfalls that lie in wait in seemingly innocent healing practices. It spells out in detail the serious dangers that underpin many apparently beneficial New Age therapies. And it offers many examples of the kinds of prayers and life-styles that can bring healing to the body and to the mind. It can even turn around lives that are falling apart (and this has already been several times communicated to the author or John Gillespie by people who have already read this book on Kindle.) This is a book that should be read by all Christians. John's message is profoundly insightful and, if it is uncompromising, it is laced with faith, forgiveness and truth. Many who have already read the book have described it as 'life-changing.' This true account of his life, of the miracles and deliverances that follow his prayers, will amaze you. Millions of people love to hear and read about miracles. Sr. Briege McKenna's book Miracles Do Happen has sold all over the world in its millions. If you read and liked Miracles Do Happen, you'll love The Miracle Ship.
The Nephilim and the Pyramid of the Apocalypse

By: Patrick Heron

The fascinating story of the fallen angels who built the pyramids and other ancient monuments. They appear in the first pages of the Bible, sons of God who coupled with mere mortals before and after the Flood. They are the fallen angels and their children—the Nephilim—who are the true builders of the pyramids and other great monuments of ancient history. In The Nephilim and the Pyramid of the Apocalypse, author Patrick Heron examines ancient texts from Genesis to the Book of Enoch to Revelations, to once and for all establish the true identity of this mysterious, lost race of giant beings. Are they angels? Genetic monsters? Are they characters of fable and myth? Are they still among us? Within these pages the answers are finally revealed. With the identity of the Nephilim firmly in hand, Patrick Heron takes his research deeper, using science and an examination of age-old prophecies to discover the true meaning of the pyramids. His astonishing findings address the importance of the pyramid shape and its diabolical aim to supplant the City of God. And last but not least, once the riddle of the pyramids is solved, its significance in helping to navigate the coming Apocalypse is fully illuminated. “For fascinating research regarding the Pyramid of Egypt and the Nephilim of Genesis, Patrick Heron’s book stands supreme.” —Dr. I. What new information does this give you about the Tarot card combination? For example, layer it up with the meanings of the cards and it may be a sign that this combination represents taking your art into a public space. As you become more familiar with the techniques.

I grew up a Romany Gypsy and had family members who were professional fortune-tellers. Therefore, anything ‘psychic’ was somewhat acceptable in my household and my older sister had been given a deck of Tarot cards when I was around 7 years old. Despite having diviners in my family, I am 100% self-taught. Nobody helped me on my journey. Even though I was very young, I had to learn the hard way and often struggled with Tarot card meanings. I cringe to admit this but it took me years to master the meanings of all of the Tarot cards. In fact, I can remember still struggling with the meanings of the 6 of Cups and Justice cards 10 years after I had started reading!
