The Lutheran School Bulletin and The Lutheran Educator are essentially the same journal. Their audiences and purposes were identical. The Lutheran School Bulletin was first published by the Minnesota District of the Wisconsin Synod. It appeared in 1930 with Herbert Sitz as editor. In 1934 the publication was taken over by the School Board of the Ev. Lutheran Joint Synod of Wisconsin a.o.s., the predecessor of the present Commission on Parish Schools. Herbert Sitz continued as the editor. In 1936 F. W. Meyer was called as the first executive secretary of the General School Committee (as it was then called) and he assumed the responsibility as editor of TLSB. He served as editor until his death in 1948. Emil Trettin was called as executive secretary in 1949 and became the editor.

In May 1960 The Lutheran School Bulletin ceased publication and in October 1960 The Lutheran Educator appeared with Adolph Fehlauer, the assistant executive secretary of the Board of Education, as the editor. Mr. Fehlauer continued as editor until 1976 when the new executive secretary, Donald Zimmerman, became editor. Until 1986 subscriptions to The Lutheran Educator were part of the dues paid at the district teacher's conferences. Since that time, subscriptions have been voluntary. In 1987 the synod resolved to turn over the responsibility of editing The Lutheran Educator to Dr. Martin Luther College. In 1995 Dr. Martin Luther College was amalgamated with Northwestern College with the new college called Martin Luther College. Since then The Lutheran Educator is edited by the faculty of Martin Luther College. John Isch served as editor from 1987 to 2004. Jack Minch is the current editor.

Partners in Christian Education began in the summer of 1989. It was edited by Pastor William Fischer, a staff member of the Board for Parish Education (Board for Parish Services) and was written for the part-time educational agencies of the church. It ceased publication in 1991 when a new publication, Parish Leadership, replaced it. Its latest transformation is Lutheran Leader. Pastor Wayne Mueller, Administrator for Parish Services, edited the journal until 2001. Pastor Bruce Becker took over as editor at that time. The journal ceased publication in the winter of 2005.

This index includes all journals. The Lutheran School Bulletin begins with volume 1, number 1, October 1930 and ends with volume 30, number 4, May 1960. The Lutheran Educator begins with volume 1, number 1, September 1960. Partners in Christian Education begins with volume 1, number 1, Summer 1989 and ends with volume 3, number 2, Fall 1991. Parish Leadership begins with volume 1, number 1, Summer 1992 and ends with volume 13, number 2, winter 2005. Lutheran Parent (Christian Parent) began with volume 1, number 1, Summer 1992 and ended with volume 11, number 6, July/August 2004. All of these journals are or were published four or six (Lutheran Parent) times a year. The Lutheran Educator and The Lutheran School Bulletin include October, December, February, and May. Some issues of The Lutheran School Bulletin before 1934 were not published. The missing issues are volume 1, number 4, spring 1931; volume 3, number 4, spring 1933; and volume 4, number 4, spring 1934. Partners in Christian Education was published in summer, fall, winter, and spring. Parish Leadership is published four times a year in fall, winter, spring, and summer.

Some decisions had to be made concerning what to include in this index. Announcements, notices, or advertisements which appeared in the four journals are not included except when a notice seemed to have historical value. Obituaries are included. TLE and TLSB regularly published brief inspirational messages. These have been included under the author's name and under the descriptor meditation. In a few instances where the inspirational message was longer or was a published sermon, it is also indexed under other descriptors which indicate its contents.

Book reviews are listed under the author's name, under the descriptor book review, and occasionally under another descriptor which indicates the subject of the review. Reviews of elementary school textbooks, reviews of music which are listing of titles, or brief reviews are not included in this index. The Lutheran School Bulletin regularly contained information regarding graduate assignments, calls, new schools, and additions to existing schools. These notices are not included in this index.

School statistics and elementary school test results, another regular feature of TLSB are, however, included.

There are two parts to this index: author listing and descriptor listing. The first listing is by author in alphabetical order. In the few instances where there are joint authors, there is a separate listing for each author. The second section contains the listing by descriptors. Each entry in the index has a potential of three descriptors, although most entries are listed under only one or two descriptors. There are 124 descriptors used in this index. The list of descriptors is found on the page preceding the descriptor index. The list is a result of a trial-and-error procedure but the descriptors do identify types of articles. Some descriptors are more general or broader; others are specific to a single topic. The list of descriptors also contains a brief explanation.
