The Scientist: A Novel Autobiography

John Cunningham Lilly

Autobiographical comics - Wikipedia
After his favorable review of the novel Mary wrote Sir Walter Scott and claimed. Is it science, science fiction, or, as some have claimed, autobiography?
Biographies of famous scientists throughout the ages. This list of scientists includes Aristotle, Leonardo Da Vinci, Galileo to modern-day scientists, such as Einstein, Tesla and James Watson. Hippocrates (460 BC - 377 BC) Hippocrates was a great doctor of ancient Greece. His pioneering techniques of health care significantly improved survival rates, and he has become the father of modern medicine. His Hippocratic oath is still sworn by medical practitioners today. Aristotle (384 BC - 322 BC) Greek scientist who made investigations and discoveries in the natural sciences including botany, zoology, Home > All Categories > Biography Books > The Scientist: A Novel Autobiography. ISBN: 0397012748. ISBN13: 9780397012749. The Scientist. by John C. Lilly. Lilly was one of the greatest scientists and pioneers on the limits of human possibility of modern times but after his death a collective amnesia has descended and his is now almost forgotten. Lilly was a generation (or more) ahead of his time. He is almost single-handedly responsible for the great interest in dolphins (which led to the Marine Mammal Protection Act in the USA and helped to found the animal rights movement). In 1958 he noted that the brains of elephants and cetaceans were larger than ours, that we should not abuse them and that it was one our most important projects to communic The Scientist: A Metaphysical Autobiography.
