Pre-Social Security Period. Traditional Sources of Economic Security. All peoples throughout all of human history have faced the uncertainties brought on by unemployment, illness, disability, death and old age. In the realm of economics, these inevitable facets of life are said to be threats to one's economic security. For the ancient Greeks economic security took the form of amphorae of olive oil. The English Poor Law of 1601 was the first systematic codification of English ideas about the responsibility of the state to provide for the welfare of its citizens. It provided for taxation to fund relief activities; it distinguished between the "deserving" and the "undeserving" poor; relief was local and community controlled; and almshouses were eventually established to house those on relief.
